

**MILFORD S.C. LINEDANCERS
ST. PATRICK'S DAY PARTY 2019
PHOTO BOOK**

What a grand wee St. Paddy's Day we all had! A great turn out of good friends wearing the green and jigging their hearts out!

Busy floor shots - deep concentration above Pauline, Mary, Yvonne, Alice, Anthony, while below Debbie in centre left, John and Denise, and old friends stop for a chat - Daphne & Vickie!

Busy floor shots and happy claps to Famous Shamus!

At last a time for a chat and breather! Daphne, Linda & Shirley, Vickie and her little granddaughter (who was our little Irish fairy) being admired by some of her adopted "Aunties", Jing and her husband and Jackie!

Mary, Amy, & Francis in full swing. Note that Francis is wearing the Leprechaun's pot of gold - he better take a "lotto" ticket! Below class favourites Simon & Amy.

The supper was great! I did warn everyone that there would be as much "fish and chips" as they could eat and we all gave it our best shot with most going back for seconds! St. Patrick would have been proud of us all! We danced in his honour and had a wonderful evening and promised each other we'd all gather again for another grand St. Paddy's day next year.... so it is a date everyone - keep well and dancing and we'll do all the jigs again next year!

2 Favourite jigs on the night were from Riverdance and the group kept wonderfully in line and in time (see above) despite the heat! John's t-shirt summed it up well - "Everyone's Irish on St. Paddy's Day!" The whole group pitched in to help clean up after the party and so after a "full on night" the clearing up job was made easy as everyone helped. Thank you all for your help - each and everyone of you are treasures - *pure gold*.

Just *everyone* helped but thank you especially to the girls who did all the kitchen clean up! A very big thank you to Trish who arrived early and did about 90% of the decorations! Each and everyone one of you deserve the Leprechaun's pot of gold! You are all pure gold yourselves and *John and I are proud to have you as friends!*

An Irish Blessing to you all:

*May the road rise to meet you, may the wind be always at your back.
May sun shine warm upon your face and the rain fall soft upon your
fields and until we meet again - May God hold you in the palm of his*

hand! Quick translation - may there be no bumps in the road of your life ahead, the sun warm and the rains pleasant, and may God protect you!
